ASI / 80228 SAGE / 69908 PPAI / 360359 DC / 357404

Originating in 1994, the *Quinn* family began as flag makers, but today is proud to be the largest provider of full color printed fabric products in the nation

*You dream it, we can print it - soft-signage banners, flags, pennants, tents, trade show displays and more - quickly, easily, affordable and on-time*

The  *Family Thanks You For Putting Your Trust In Us*

### Want more?

This catalog is just a sampling of our new products and bestsellers, view it all at [www.quinnflags.com](http://www.quinnflags.com)

**Pricing:** Please note that prices can change at any time. Visit [www.quinnflags.com](http://www.quinnflags.com) for the most up-to-date pricing and terms and conditions.

**Prop 65:** Quinn has done extensive testing on many of our products, fabrics and inks. Many of our products and most of our fabrics and inks comply with California's Proposition 65, also known as the Safe Drinking Water and Toxic Enforcement Act of 1986. However, due to the nature of our products having hardware, some of them require warning labels at this time. Quinn will continue to test hardware along with other items and as they pass, we will remove them from the list of items that require labeling. Please call us or visit [www.quinnflags.com](http://www.quinnflags.com) for the most up-to-date Proposition 65 information.

Wearables

American flags

## Outdoor and Promotional Flags

***Put your brand on something  
that's built to get noticed!***

**When determining which flag best suits your client's needs...**

**Where will it be used?** – A durable knit polyester is used for long-term outdoor uses and a lighter weight 68D polyester is great for giveaways, indoor use and when a lower price point is needed.

**How will it be used/displayed?** – Flags can be finished in many ways to accommodate any display (i.e. heading and grommets for flag poles, pole sleeve to display vertically, sewn in rope for extra durability, etc...). Let us know how it will be displayed, and we will suggest the perfect finish!

**How should messaging be presented?** – A single reverse flag is 1-layer printed on 1 side and bleeds through to the other side creating a mirror image of the design. A double-sided flag is 3-layers that includes 2 prints sewn together with a block-out liner.

**What size?** – Size is generally determined by the size of the display area and/or price. Our DPP-35 3x5' flag is the most popular bestseller! If needed for a flagpole, guidelines are that the length of the flag should be 1/4 to 1/3 the length of the flagpole.

## Outdoor Polyester Flags

**Markets:** Used in Every Market

**Uses:** Branding, Logo Recognition, Awareness, Attention Getting, Flagpole Display, Indoor Display, Giveaways

*Feel the power of branded flags.*

**Appliquéd Flags**

closeup of appliqué

When small quantities of a custom flag are required and the design is relatively simple, the appliqué (or embroidery) process may be the perfect choice. Both are durable and showcase your design in the best possible way. The complexity of the artwork determines the price and availability since appliqué flags are cut and sewn by hand. Unlike digitally printed flags, appliqué flags cannot show any gradients or shading, only spot colors.

## Table Covers and Runners

***Have the most professional table top display with full color graphics and top-quality fabrics!***

**When determining which Table Cover or Runner best suits your client's needs...**

**Where will it be used?** – Stretch and fitted table covers are ideal for outdoor use since wind will not impact the display as they would with throws and runners.

**How will it be used/displayed?** – Different finish options are available if storing objects under the table, such as an open back 3-sided option or sewn in zipper for easier access, and a convertible table cover can fit 6' and 8' tables.

**How should messaging be presented?** – Full color printing anywhere on the table cover or runner provides optimal messaging. **Our unique easy to use pricing makes our table covers easy to sell since price is the same regardless of art, material and finish for each size!**

**What size?** – It is important to know not only the length of the table but also the width. Standard widths for 6' and 8' tables are 30" width for 4', 6' and 8' tables.

## Portable Banners and Kits

### *Get maximum brand exposure and messaging at any location or event!*

#### **When determining which Portable Banner best suits your client's needs...**

**Where will it be used?** – Environmental conditions and possible vandalism dramatically impact longevity. Outdoor displays should be brought in during severe weather conditions and never left displayed overnight.

**How will it be used/displayed?** – If displayed on a hard surface, a cross base will be necessary. If going into the ground, a ground spike can be used. We have easy to use options for any use.

**How should messaging be presented?** – A single reverse message reads correctly on one side with the mirror image on back. Double-sided reads correctly on both sides but cost is higher.

**What size?** – The larger the size, the greater the impact but also the cost. Indoor, make sure full display is not taller than ceiling height.

# BESTSELLER

**Markets:** Sports, Schools, Real Estate, Trade Shows, Businesses, Restaurants

**Uses:** Events, Conferences, Seminars, Fairs, Festivals, Roadside Display, Indoor Display, Branding, Advertising

Give your brand or your next outdoor event the exposure it needs with our eye-catching Portable Banners!

- Attention Grabber

## Tents

**Grab attention at any event or location with highly customizable branding!**

**When determining which Tent best suits your client's needs...**

**Where will it be used?** – Perfect for trade shows, tailgating, festivals, fairs and a variety of additional events, tents provide a durable, eye-catching solution for branding.

**How will it be used/displayed?** – With the option of spikes or weights to secure your tent, as well as a wheeled carry case for easy travel and set-up, tents can be displayed both indoor and outdoor.

**How should messaging be presented?** – Full color printing on the tent canopy provides optimal messaging, but additional accessories ranging from mountable banners, full walls and half walls, all of which have single reverse or double-sided options, allow for greater customization and branding impact.

**What size?** – We offer 10' x 10' and 10' x 20' and 6.5' x 6.5'. Contact us for pricing on additional customizations.

**Why buy Tents from Quinn?**

Quinn offers full color digital printing on all valances & peaks with no additional charges - one price regardless of art

**No Hidden Fees!**

**every tent includes tent frame, carrying case with wheels, spikes and rope**

## Banners, Wraps and Covers

***Spread the word about your company with products custom-made for advertising needs!***

**When determining which Portable Banner best suits your client's needs...**

**Where will it be used?** – Excellent for storefronts, corporate events or speeches, advertising banners cater to a diverse variety of uses, some specifically indoors and others specifically outdoors. Contact us for recommendations on what product would work best for your client's needs.

**How will it be used/displayed?** – While some products can be flown as outdoor promotional displays with reinforced grommets, others can be presented inside with a dowel and hanging cord. The use is specific to each product within the advertising banners, wraps & covers line.

**How should messaging be presented?** – Full color digital printing allows messaging to be printed on different products, with many having the capability to feature printing on both sides.

**What size?** – Containing a variety of sizes and cuts, advertising banners, wraps & covers offer adaptability for your client's needs. Contact us for more information on the specific products you'd like to know more about.

# Show off your school spirit with banners, wearables and more!

When determining which School Spirit product best suits your client's needs...

**Where will it be used?** – Versatile as an ideal means of branding for giveaways, tailgating, conventions or sporting events, the school spirit line offers an assorted range of products catered to varying uses. Contact us for recommendations on what product would work best for your client's needs.

**How will it be used/displayed?** – Some products in the school spirit line can be displayed as wearables, some as stationary branding and some as banners that can be moved around. The use is specific to each product within the school spirit line.

**How should messaging be presented?** – Messaging can be printed through full-color imprinting on elastic wearables, on single reverse or double-sided banners or on polyester scarves. The way your messaging can be presented changes with every product in the school spirit line.

**What size?** – Ranging from pens with pull-out banners to massive stadium banners that can be used to promote your messaging on a field, products within the school spirit line come in a variety of sizes. Contact us for more information on the specific products you'd like to know more about.

## School Spirit and Wearables

**Markets:** Schools, Sports, Businesses

**Uses:** Events, Giveaways, Branding, Advertising, Tournaments, Fairs, Festivals

Show off your team spirit at your next event with a stadium scarf, bandana, arms sleeves or any of our other wearable products!

## Pennant Strings

***Spice up your event and POP area  
with branding everywhere you look!***

**When determining which Pennant String best suits your client's needs...**

**Where will it be used?** – If being used outdoor in any weather condition and longer-term use, PVC is the best material but shorter use material options are available. Contact us for pricing.

**How will it be used/displayed?** – Knowing the space your pennant string will be displayed will help determine the length for each string and how many will be needed.

**How should messaging be presented?** – Multiple designs and messages and even die cut shapes on the same string are options but increase cost.

**What size?** – Almost any size pennant/rectangle/die cut is available. Standard size is 12" x 18". Contact us for pricing for any other size.

**Markets:** Retail, Auto Dealerships, Restaurants, Shopping Malls

**Uses:** Events, Parades, Races, Parties, Picnics, Grand Openings, Advertising, Branding

*Pennant Strings are an outstanding way to decorate outdoor venues. Make a statement at your next event!*

**Material:** PVC  
**Usage:** Outdoor / Indoor  
**Production time:** 15 business days  
**Finish:** Leads on each end  
**Made in USA:** No  
**Prop 65 WARNING:** Cancer and/or Reproductive Harm.

## Display Products

**Wow them at your event and POP area with high impact branding & messaging!**

**When determining which Display Product best suits your client's needs...**

**Where will it be used?** – Will it be displayed indoor or outdoor? Is floor space limited?

**How will it be used/displayed?** – How do you want your branding and messaging to look? Is it easy to set up and breakdown? Is it heavy? How often will graphics change?

**How should messaging be presented?** – Will there be 2-way traffic? Design your branding and messaging for optimal impact based upon the shape of the display.

**What size?** – Are there height restrictions? What are you promoting? How do you want to present your brand, product or message? Displays come in many sizes each with specific benefits presenting your image.

## American Flags and Stock Products

### *Show your Patriotism everywhere and anywhere!*

**When determining which American Flag & Stock Product best suits your client's needs...**

**Where will it be used?** – We provide different materials for indoor or outdoor use. Choosing the right material for the correct use for your client's needs shows that you are the expert!

**How will it be used/displayed?** – Flags can be displayed many ways; off a building, on a flag pole, on a wall, etc... we have stock hardware options that can best meet your client's needs.

**How should messaging be presented?** – There are options for messaging on the heading of flags, imprinted staffs and customized packaging!

**What size?** – Displaying the American flag with other flags includes specific etiquette rules that should be followed. If displayed on separate hardware, the flags should all be the same size except the American flag should always be to the left of the viewer. If multiple flags are displayed vertically, the American flag should be 1 size larger than the other flags.

## Patriotic American Flag Products

## 2-Ply Polyester Flags

*Show your American pride during the holidays, paying tribute to the Armed Forces or simply putting your patriotism on display.*

**Material:** Polyester  
**Usage:** Outdoor  
**Production time:** Stock item  
**Finish:** Sewn around the edges  
**Made in USA:** Yes

Our 2-ply polyester American Flags are long lasting and great for windy outdoor conditions. Constructed from a durable 2-ply woven polyester, each flag features sewn stripes, embroidered stars and is fully hemmed with additional reinforced stitching on the fly end for support and longevity.
