About Us

Sierra Pacific Apparel is a family-run business with over 50 years of experience in creating and importing finished garments from around the world.

Our facility, located just outside of Houston, TX, provides a centrally situated shipping point, allowing us to service most of the United States within a three-day shipping window.

We support a diverse product line of stocked fashion blanks under the Burnside and Sierra Pacific brands. Burnside and Sierra Pacific take inspiration from top retail trends to develop our products.

These products allow you, our customers, the opportunity to domestically customize a retail-styled blank to create your own vision. We can even recommend a domestic decorator or work with you on a fully customizable overseas project.

Custom Capabilities

Utilizing the same supply chain we use for our retail partners and stocked apparel lines, we are able to offer a wide range of custom apparel options.

Build on an existing product or collaborate with us to create your own vision, starting at the fabric level and developing items that best suit you and your customers.

Website

Our new website is a great tool to learn more about our company and the products we offer.

We can set up a customized account for you with inventory and pricing access so you can explore our capabilities on your own.

We continue to evolve this tool as we work to better serve our valued customers and partners.

Returns Policy

Products can be returned in their original condition within 30 days. In some cases, a restocking fee may be assessed.

Shipping Policy

We work with our distributors on freight allowances for programs and larger orders.

Sizes and Pricing

Please note that certain colors may not be available in all sizes.

This is intended as a pricing guide only; actual pricing may vary. For the most up-to-date prices, please check our website or contact your preferred sales representative.
